

Uruguay 30 Day Prayer Guide

Praying for the 4 Presbyterian churches/church plants in the nation

Passionate, committed prayer is what is needed in order to see fruit in the country of Uruguay, the most secular country in all of the Americas. Would you be committed to making an eternal difference by bringing the spiritual needs of Uruguay before our heavenly Father?

1. That many would see clearly their lost condition and mourn for their sin
2. That the Holy Spirit would draw many into the Kingdom
3. Against the sharp rise in crime
4. Against the increasing legislation that protects LGBT rights at the expense of religious freedom and protecting children and the family
5. For a return to respect and value of marriage and against divorce (divorce rate: 70%)
6. That the many incoming immigrants from nations such as Cuba and Venezuela would turn to Christ and that they then would lead many Uruguayans to the Savior
7. That the gods of comfort, pleasure and soccer that many serve would be shown to be false gods
8. For more church plants to begin
9. That a Presbyterian denomination would form, and that it would be solid doctrinally, unified and marked by spiritual maturity
10. For strong elder and deacon candidates that would lead to churches governed by nationals
11. That key doctrines that may seem foreign to believers here-- especially the doctrines of grace, infant baptism and the importance of the church—would be fully understood and embraced by members and attendees
12. The hearts of the church members would be knit together in unity and love for one another and that the leadership would have wisdom in cultivating this
13. For the addition of some stable families who are seeking a Bible teaching church that would in turn help strengthen the church communities
14. That God would bless the mercy ministries during the time of COVID-19 to spread the love of Jesus and bring in the lost

15. That God would protect the pastors, missionaries, elders and deacons from the world, the flesh and the devil and keep them refreshed and renewed in their labor
16. That the church leadership would be dedicated to spending serious time each week in prayer and that church prayer meetings would be well attended and include passionate and faith-filled intercession
17. For physical health for the church leadership and members, especially for healing and mercy on some members who have cancer
18. Thank God for the start of a Presbyterian seminary in 2019 and pray that God would strengthen and grow its ministry to raise up leadership for evangelical churches all over the country
19. That the seminary would have more teachers, and for strength for both teachers and students to add the responsibilities of classes to already full schedules
20. That covenant children in the schools would be protected by false ideologies and worldliness and would be a strong light and witness to their peers
21. For strong families, informed by the Bible
22. Strong discipleship within the family and within the church
23. Deeper understanding of the importance of the Lord's Day worship and willingness to submit to healthy leadership
24. That children of believers would follow Jesus
25. Churches would be Bible-centered, with healthy doctrine
26. Bold witness and willingness to suffer for the name of Jesus
27. Growth of interest in the Doctrines of Grace, that those who are caught up in prosperity teaching or legalism would be disciplined in the Biblical faith
28. For economic provision for church families
29. That God would bless Christian families with an abundance of children and the spiritual and economic resources with which to raise them
30. For the missionary families from Brazil and the U.S. (Rolim and Richline families), that they would be effective in their cross-cultural work and that God would protect them and their families as they are far from home.
